## Celebrating Women in Song

Compact Disc of the Month  
November 2009

## Whitney Houston

This November, we celebrate *Women in Song*, highlighting some of the greatest female vocal talents of all time, with a special spotlight on the phenomenal comeback of Whitney Houston. Legend, icon, mega-superstar, are just some of the few words to describe Whitney Houston, one the most powerful female singers today. With over 170 million combined albums, singles, and videos sold worldwide during her career with Arista Records, Whitney Houston has established a benchmark for superstardom that will quite simply never be eclipsed in the modern era. She is a singer's singer who has influenced countless other vocalists, both male and female.

### I Look to You CD 784.5 H843i

*I Look to You* is Houston's first album in seven years. After suffering many personal setbacks, (like divorce from a long and tumultuous marriage to rapper star, Bobby Brown, and a drug addiction which had resulted in serious vocal damage) she celebrates her comeback with great determination, and has become a true force to be reckoned with. This is a well produced, well written, and most importantly well sung musical wonder. It's eclectic sounds of old school R&B, neo-soul, and grade A pop makes this a stellar album. Truly, a triumphant success and hard earned comeback for one of the greatest vocalists of all time.
